

VMware Authorized Training Curriculum

NetApp, Cisco & VMware's Worldwide Authorized Learning Partner

Fast Lane delivers NetApp, Cisco and VMware training programs worldwide. We are proud to be NetApp's only Worldwide Authorized Learning Partner offering the full NetApp curriculum plus additional advanced training. We specialize in high-end IT infrastructure training that helps you achieve your goals.

Our Quality Assurance

Our instructors are certified specialists with extensive storage, networking, data center and virtualization experience. They have professional experience and excellent teaching skills which ensures you will have an optimal training experience.

Our Expertise

Fast Lane training offers insight, skills, and real-world experience in the areas of virtualization, data center, storage, voice, business video, unified communications, security, wireless and optical technologies. We have training facilities in over 90 countries and are able to deliver courses in 15 different languages. Let our experts help you become an expert too.

Our Aim

To help you stay on top of the needs of your company's IT environment; Fast Lane provides quality training programs on advanced and emerging technologies like FlexPod and NetApp product training.

Our Unrivaled Lab Infrastructure

You will enjoy the use of state-of-the-art hands-on labs for all areas of high-end technologies. These labs provide a real-world experience that raises the bar for training quality. Our labs are used to support all modalities of learning: classroom, virtual and self-paced.

Our Promise

Training with Fast Lane means you are consistently receiving a quality education experience, built on leading edge curricula to help you address your IT challenges.

Delivery Methods

Fast Lane offers several methods for course delivery. We provide our world class training in most major metro areas. We also provide online virtual classrooms that allow you to conserve valuable travel time and funding. Our private onsite training can be customized for your needs and delivered at your location.

You will notice the following icons used in our course schedules on our website and throughout this catalog:

ILT - Instructor-Led Classroom Training

ILT sessions are conducted in a physical classroom environment.

ILO - Instructor-Led Online Training

ILO sessions are conducted via WebEx™ in a VoIP environment, and require an internet connection and a headset with a microphone connected to your computer or laptop.

FLEX Classroom™ - Combined ILT & ILO

FLEX Classroom sessions are delivered via a combination of ILO and ILT giving you the ultimate flexibility.

Private Onsite Training

We can customize our award winning training and deliver to you via any of our methods.

GTR - Guaranteed to Run™

With our GTR classes, you won't have to worry about rescheduling your training. No matter how many students are enrolled, we will run the class, guaranteed.
