

Accelerated Approach to IT Security Training and Certification

Why Choose Fast Lane?

Fast Lane is the largest worldwide provider of Cisco, VMware, NetApp and other mission-critical technical training. The largest technical companies in the world trust us to deliver all of their training on emerging technologies. We take pride in offering you the same quality training and certification programs that we have offered to more than 45,000 IT and Information Security professionals worldwide.

Fast Lane is committed to providing the highest-quality accelerated IT Security training. Our goal is to enable Security through security empowerment, to adapt to evolving information threats, and to allow professionals to learn, experience, practice, understand, and know Information Security.

Security Empowerment Programs for Government Organizations

- Government System Authorization (C&A) Workshops
- Advanced Penetration Testing
- Writing Secure Code
- Computer Forensics
- Wireless Network Security
- Certified Information Systems Security Professional (CISSP)
- Information Systems Security Engineering Professional (ISSEP)
- Instructor-Led Online (ILO) Learning Program
- Fast Lane provides accelerated certification training, reducing employee time away from the office.

Cisco Security

- Cisco Security Architecture and Management
- Cisco CCNA/CCNP and Security Certifications
- Cisco Firewall/IPS/NAC and IOS Training

All-Inclusive Guaranteed Boot Camps

- We provide hotel accommodations, two meals daily, comprehensive training, and testing all in one location
- Allow you to focus on studying for your certification exams.
- We will guarantee you will pass (see our website for details).

Fast Lane Options for Robust, Mentored Support

Basic Community Site LMS Access:

At no additional cost, you'll have access to basic assessment content, Managed Expert Forums, and a Learning Center that allows you to track your pre-class preparation process. Your instructor will also have access to your results in the Learning Center, allowing for a more informed in-class relationship. The Learning Center provides free learning content and suggested reading materials, as well as links to available resources on the Web.

Fast Lane's CertPrep Coach Support:

This higher level of service includes all the above PLUS reactive and proactive calling from your Expert Mentor. Our experts will call you via phone to check up on you, respond to your queries, and walk you through the more complex subject matter—everything from how to do basic subnetting all the way to explaining the complexities of AES encryption (depending on the boot camp you will be attending).

CertPrep Coach® Support Service:

This add-on service includes additional support for individuals and companies that want 24/7 access to mentors, as well as a proactive mentoring approach that pushes you to achieve study goals and complete assessments. Plus, the service comes with the following great features:

- Additional resources and assessments
- Skill-building assignments delivered daily
- Progress is monitored and guidance is provided if you veer off track or off schedule
- Real-Time Expert: When you need help, simply click on the CertPrep Coach Connect button to chat with a live expert 24/7
- Email and live online demos provide step-by-step instructions
- Sessions can be recorded for future reference
- Demo tools with proactive exercises and feedback
- Unlimited access 24/7/365
- On-demand response
- Accurate, reliable answers
- Direct expert chat
- Supplemental email
- Skill-sharpening assignments
- Discussion forums
- Simultaneous screen view
- Targeted exam prep
- Monthly reporting and assessment
- Progress monitoring and tracking

Government IA Worker One-Stop Solution

Fast Lane is your solution to FISMA and DoD Directive 8570 Information Assurance training requirements. We recognize that building and maintaining a trained and certified IA staff can be a daunting task. To meet such challenges, we provide complete DoD-approved baseline certifications.

Information Assurance Workforce Levels

Technical I

- Fast Lane's A+ Boot Camp (5 days)
- Fast Lane's Network+ Boot Camp (5 days)

Management I

- Fast Lane's Security+ Boot Camp (5 days)

Technical II

- Fast Lane's Security+ Boot Camp (5 days)
- Fast Lane's SSCP Boot Camp (5 days)

Management II

- Fast Lane's CISSP Boot Camp (7 days)
- Fast Lane's CISM Boot Camp (5 days)

Technical III

- Fast Lane's CISSP Boot Camp (7 days)
- Fast Lane's CISA Boot Camp (4 days)

Management III

- Fast Lane's CISSP Boot Camp (7 days)
- Fast Lane's CISM Boot Camp (5 days)

Computer Network Defense (CND) & IA System Architecture and Engineering (IASAE)

Certifications supported by Fast Lane's Cyber Security Division

CND Infrastructure Support

- Fast Lane's SSCP Boot Camp (5 days)

IASAE I

- Fast Lane's CISSP Boot Camp (5 days)

CND Auditor

IASAE II

- Fast Lane's CISSP Boot Camp (7 days)

CND Manager

- Fast Lane's CISM Boot Camp (5 days)

IASAE III

- Fast Lane's ISSEP Boot Camp (4 days)

Government-Focused Cyber Security Training

- DIACAP Seminar (1-day)
- DIACAP Boot Camp (2-day programs)
- DISA/STIG Security Training
- Information Assurance (STIG) Overview
- Application Security and Development (STIG)
- Database Security (STIG)

IT, Audit and Business Training

- ITIL Foundations and Advanced
- Certified Wireless Network Administrator (CWNA)
- PMP and Project Management

NetApp Training

- DataFort Storage Security administration (DSSA)

Other IA and Cyber Security Training

- Computer Forensics (CHFI)
- Professional Hacking – Certified Ethical Hacker (CEH)
- Penetration Testing (ECSA/LPT) Boot Camp
- Certified Wireless Security Professional (CWSP)
- Database Hacking: Securing Databases
- Secure Coding and Application Development
- Secure Programming (ECSP) Boot Camp
- Understanding Web Application Security Seminar
- Secure Java Application Development Seminar (Java Edition)
- Secure .Net Application Development Seminar (.Net Edition)
- SOA Security Training and Web Services Security
- Disaster Recovery/Business Continuity (EDRP) Boot Camp
- Security Awareness for Managers and Executives
- Security Awareness for IT Users
- Security Awareness for PCI DSS

ABOUT FAST LANE:

Fast Lane, with locations and partners in more than 60 countries, has been providing advanced technology training and consulting since 1996. We offer multiple solutions to our customers and partners in the areas of Training Delivery, Education Consulting, Content Development and Managed Services. Our instructors, located around the globe, are real world practitioners of advanced technologies and not only teach in the classroom but also regularly provide advanced technology Consulting Services. Local language training is available in most countries.

The only training provider Authorized on a worldwide basis by Cisco and NetApp, Fast Lane partners with important technology vendors to ensure you have access to the most comprehensive and effective training programs available today. Plus, we supplement vendor training with Fast Lane developed advanced technology courses.
