What Are Our Customers Saying?

"We are building a new data center with NetApp as our main storage provider and running a 4-node cluster for FAS3250's to start. The Clustered Data ONTAP Administration course was able to teach me a lot of things that I did not know previously and see what is different from 7-mode."

"Our instructor was FANTASTIC and very receptive to questions. She went out of her way to find detailed answers and supplemental product documentation."
