Attend our most popular VMware Course and receive these Fast Lane VCP-DCV Certification Value-Add - at no extra charge!

- Data Center Virtualization Exam Blueprint File - VMware exam blueprints list all of the content areas that you are expected to know. Use the VCP5 Exam blueprint as your guide as you study for the exam.
- VCP-DCV Pre-Assessment Quiz - Take this short 35-question yes/no quiz to test yourself on knowledge areas that the VCP-DCV certification exam requires.
- Fast Lane’s VCP-DCV Combined Skills Assessment Quiz - This combined skills assessment (practice test) displays all of the questions from the individual objective skills assessments. The questions are presented in a random order to simulate the actual certification exam. There are 70 questions.
- Free re-sit of the same course for up to a year should you fail the exam on your first attempt. Students retaking the course are required to use the materials and books distributed to them in their original course session. Failure to bring these materials will result in the student being charged for replacement materials.
- One (1) VCP510 certification exam test voucher will be provided to public students upon request. (Voucher must be requested and exam taken within 12 months from the start date of the training.)
