

Why Fast Lane?

You need a training partner you can trust to deliver leading-edge solutions to help your business. Fast Lane works with top technology vendors to create the solutions you need. Here are some things that help set our company apart from the competition.

Not all Cisco Learning Solutions Partners are created equal. As the fastest growing CLSP, Fast Lane...

- Operates in all Eight Theaters Worldwide
- Is Cisco's Largest Courseware Developer
 - CCNA & CCNP Curriculum (3-year contract)
 - CCNA Wireless: IUWNE
 - Digital Media Systems: DMS
 - IP Video Surveillance: IPVS
 - Data Center: DCNI-D and the new DCNI-2
 - CCNP Wireless: IUWVN and IUWMS
 - SSL over VPN and TCC
- Develops courses that complement Cisco's Course Portfolio
 - CCNA & CCNP Online Certification Programs
 - CCIE Wireless Bootcamp
 - Data Center Virtualization: Cisco, NetApp and VMware combined curriculum
 - Data Center: Nexus Product Family
 - Service Provider Voice: PGWB and PGWAT
- Delivers all of Cisco's Advanced Services, Optical and Emerging Technology courses on a global basis
- Maintains the world's largest Cisco dedicated remote classroom labs
- Is Cisco's only worldwide CCIE 360 Learning Partner

“(The Instructor) warrants a higher rating than this form would allow. She is a true subject matter expert, an excellent teacher, and very nice and helpful in sideline discussions.” —Justin M.

Why Fast Lane?

As NetApp's only worldwide Authorized Learning Partner, Fast Lane...

- Is also NetApp's largest courseware developer
 - Oracle on NA Storage Systems
 - VMware ESX Server on NA Storage Systems
 - Operations Manager, Protection Manager and Provisioning Manager Administration
 - NetApp SnapManager 5.0 for Microsoft Exchange
 - Microsoft SQL Server 2005 on NetApp Storage Systems

“(VMware ESX on NetApp Storage Systems had) great Labs. I liked how they built upon previous labs and gradually removed the step-by-step instructions on how to accomplish things you had already seen and done. This reinforced the learning and made the students think it through.” — Sonny B.

Student education is of the highest priority at Fast Lane. We go above and beyond to ensure a fulfilling learning experience by...

- Aligning ourselves as a training provider of other leading technologies including VMware, Ubuntu and IBM
- Offering business skills training for the technology industry
 - Project Management
 - ITIL
 - SE Skills
 - Leadership Skills
 - Business Analysis
- Using only Vendor-Certified Instructors who are cross-trained in multiple platforms and technologies
- Strictly managing the quality of our students training experience
- Providing assessment tools to help measure student educational progress
- Creating a platform via the Fast Lane Community Site where students, partners and other professionals can network and access invaluable learning resources

“(The Instructor) went out of his way however needed to enhance the learning experience. He was one of the best trainers I have had in my 30 year career.” — Thomas B.
