Fast Lane

Provider of Advanced IT Training

Advanced Technology Training

Fast Lane's dedicated Federal Team has trained thousands of Government IT and security personnel, empowering these professionals to maintain peak performance of their skills and the technologies they oversee. Fast Lane offers comprehensive DOD 8570.1 Security Training.

COMPANY INFORMATION

Fast Lane, with locations and partners in more than 60 countries, has been providing advanced technology training and consulting since 2000. We offer multiple solutions to our customers and partners in the areas of Training Delivery, Education Consulting, Content Development and Managed Services. Our instructors are real world practitioners of advanced technologies--they teach and provide advanced technology Consulting Services.

We deliver both public and private, on-site, and mobile classes anywhere required, with extensive experience bringing advanced technology training and certification to US DoD bases worldwide. In addition, Fast Lane has a history of online learning with the most current classes available. Our Instructor-Led Online (ILO) programs allow us to deliver advanced technology training anywhere. We delivered ILO programs to thousands of IT professionals last year, with an average class length of 3 full days. In order to perform this with consistent quality, we take special care in providing extensive Best Practices training to our Instructors, and equip the programs with the best in collaborative web conferencing technology.

Delivery Methods

Fast Lane offers several methods for course delivery. We provide our world-class training in most major metro areas. We also provide online virtual classrooms that allow you to conserve valuable travel time and funding. Our private onsite training can be customized for your needs and delivered at your location.

You will notice the following icons used in our course schedules on our website.

ILT - Instructor-Led Classroom Training

ILT sessions are conducted in a physical classroom environment.

ILO - Instructor-Led Online Training

ILO sessions are conducted via WebEx™ in a VoIP environment, and require an internet connection and a headset with a microphone connected to your computer or laptop.

FLEX Classroom™ - Combined ILT & ILO

FLEX Classroom sessions are delivered via a combination of ILO and ILT giving you the ultimate flexibility.

Private Onsite Training

We can customize our award winning training and deliver to you via any of our methods.

GTR - Guaranteed to Run™

With our GTR classes, you won't have to worry about rescheduling your training. No matter how many students are enrolled, we will run the class, guaranteed.
